Informant advised that on 9/8/64 the Americans for the Preservation of the White Race (APWR) held their regular meeting at the Lawrence County Court House, Monticello, Mississippi. This meeting was held in the Court Room at the court house and some 125 persons were in attendance. He recalls that the following persons were present at this meeting:

- 
- President
  - V. President
  - Treasurer
  - Chairman (Committee of 12)

b7c

There were several other regular members that he can not recall at this time. There were several new faces in the group he does not know if they are new members or if they came to the meeting because it was held in the court house.

He informed that a , Rankin County, Mississippi preached at the meeting. He preached about the negro and the fact that the Lord had put a curse on him is the reason he was "black". He reportedly preached out of the bible and referred to several chapters of scripture that backed his comments.

b7c

In addition to the sermon there was a "Hill Billy Band" that furnished entertainment. He feels that this may have had some effect on the large attendance.

A motion was passed to give \$30.00 to some committee in Brookhaven, Mississippi. He does not know just what the contribution was for but thinks it is to be used by the State Officers of the APWR. Each unit was to have some representative at this meeting and the chairman was reported to be a Lawyer from ~~Natchez~~ Natchez, Mississippi. He does not know the name of the Lawyer but will try to get same.

b7C

He informed that [REDACTED] has not attended the last two meetings. He gave as his reason that he did not think he should appear at the Court House as a member of the group. He does not know just why [REDACTED] gave this excuse. [REDACTED] is the [REDACTED] of [REDACTED] and may feel that it might hurt him with the citizens of the city.

SUBJECT: RACIAL MATTERS

DATE: 2-18-65

On 2-17-65, following a talk before the Kiwanis Club, I was contacted by [REDACTED] and [REDACTED] the [REDACTED] and requested to come to the [REDACTED] b7C

It was apparent from their discussion and from their own description of their activities that these two men are the leaders of the business and professional groups of Brookhaven and they might be described as moderates or progressives as far as racial relations are concerned. They were both quite forthright in their observations that the federal law must be observed and that the community must make progress in racial relations. They said that they, as well as the majority of the business and professional leaders in the community, felt that a lot of progress had been made and that they were interested in improving the racial climate and insuring that the federal civil rights acts were complied with. Both of these men have extensive contacts throughout Lincoln County and particularly sources of information in all groups including the Negro population.

[REDACTED] particularly, has excellent sources in the Negro community. Both of these men volunteered their services to the Bureau as sources of information. It was clear to me that they wanted to be of assistance to the Bureau in any way possible. I furnished them the names of the Resident Agents at McComb and encouraged their assistance. They indicated that [REDACTED] ran for the office five times before being elected. He had no training whatsoever and has a generally incompetent and inefficient department. The [REDACTED] was described as weak. b7c

The police department, they said, was a good organization. The current Chief of Police, [REDACTED] who is an elected chief, is going to retire and will most likely be replaced by Assistant Chief [REDACTED] whom they described as quite competent. [REDACTED] and possibly [REDACTED] the auxiliary police department at Brookhaven, which they described as an organization composed primarily of persons in the business community and they felt it was a good organization and not under the control of ultra right wing individuals or groups and, further, that the auxiliary police could be relied upon to act responsibly. b7c

Their main purpose in contacting me was to discuss a group in the community which they felt would be a constant roadblock and obstruction to implementation of the Civil Rights Act and progressive action for the improvement of race relations. This group is centered around the Whitworth College, which is a small Methodist college in Brookhaven, which was formerly a girl's school but is now co-educational and has about thirtytwo students. [REDACTED]

[REDACTED] b7c  
The college has recently sponsored appearances by a number of right wing red-eyed orators, including [REDACTED] and a man by the name of [REDACTED] (phonetic), [REDACTED]

They indicated that [REDACTED]

JN 157-347

[REDACTED]  
and [REDACTED] are trying to obtain money from [REDACTED] to further their extremist activities. One [REDACTED] (phonetic), a professor at Mississippi College at Clinton also is reportedly an associate of these individuals. b7c

The informants said that the college has been successful recently in getting grants from the Ford Motor Company and other foundations, ostensibly for the college, but actually channel these funds into the White Citizens Councils in Brookhaven and vicinity. The college is serving as a front for obtaining of funds for the Citizens Councils according to these informants. [REDACTED]

[REDACTED] and surreptitiously report back to the informants on their findings.

I encouraged [REDACTED] and [REDACTED] to keep us informed of pertinent information coming to their attention and, particularly, information relative to the Klan or other individuals and organizations which might be prone to commit acts of violence. They said they did not know of any such individuals or organizations at the present time but said that Lincoln County did present a definite potential in this regard and they were well aware of it and would remain alert. b7c

As stated previously, SAs [REDACTED] and [REDACTED] at McComb should become acquainted with these two individuals and solicit their cooperation. b7c

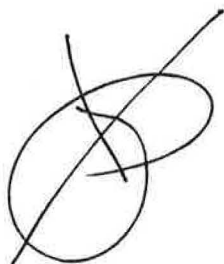

Inspector [REDACTED], MHSP, indicated that both of these persons were most reliable. b7c
